REFRAMING DEMENTIA

An international, interdisciplinary community dialogue

Join us for a conversation on emerging trends in dementia care across the globe, with experts in the fields of theology, social citizenship and neurology:

John Swinton, PhD
Founding Director, Centre for Spirituality, Health and Disability. Chair in Divinity and Religious Studies, University of Aberdeen, Scotland.

Deborah O’Connor, PhD
Founding Director, Centre for Research on Personhood in Dementia. Professor of Social Work, University of British Columbia.

Thomas Grabowski, MD
Director, UW Memory & Brain Wellness Center and UW Alzheimer’s Disease Research Center. Professor of Neurology, University of Washington.

SUNDAY, MAY 11
4 – 6 P.M.

HARBORVIEW MEDICAL CENTER
RESEARCH & TRAINING BUILDING
300 NINTH AVE

A free event, open to the public. Reception to follow.

Space is limited. Register by Wednesday, May 8:
