For over a thousand years, this ancient form of musical theater evolved into one of the country's most popular forms of entertainment that can be traced to the early Ming Dynasty.

FA³ and Jade Guild present a special program on Chinese opera, its major difference with the European opera, the use of facial makeup and costumes, music and instruments, body movements and symbolic gestures, including a short live performance.

Born in China and raised in Taiwan, for decades Judy Chen has been presenting Chinese opera programs in North America, China and Taiwan. Allen and Judy Chen will bring their years of stage experience, along with their friends, to share an illuminating afternoon on a fascinating subject: Chinese opera!

THIS PROGRAM WAS MADE POSSIBLE BY A ROBERT CHINN FOUNDATION GRANT.
